

Pedigree Chart

MAY 14, 2004

Chart no. _____
No. 1 on this chart is the same as no. _____ on chart no. _____

The pedigree chart template consists of several rectangular boxes arranged in a hierarchical structure. Each box is designed to record specific information for an individual or a couple. The boxes are connected by lines representing relationships. Each box contains the following labels for recording data:

- Left side labels:** b: (birth), p: (parents), m: (marriage), d: (death), p: (partner).
- Right side labels:** cont _____ (continuation).

The chart is structured as follows:

- Top level:** A box on the right side.
- Second level:** A box in the middle, connected to the top box by a horizontal line.
- Third level:** A box on the left, connected to the middle box by a horizontal line.
- Fourth level:** A box on the right, connected to the middle box by a horizontal line.
- Fifth level:** A box on the left, connected to the left box of the third level by a horizontal line.
- Sixth level:** A box on the right, connected to the right box of the third level by a horizontal line.
- Seventh level:** A box on the left, connected to the left box of the fifth level by a horizontal line.
- Eighth level:** A box on the right, connected to the right box of the fifth level by a horizontal line.
- Ninth level:** A box on the left, connected to the left box of the seventh level by a horizontal line.
- Tenth level:** A box on the right, connected to the right box of the seventh level by a horizontal line.
